

Hopin registration

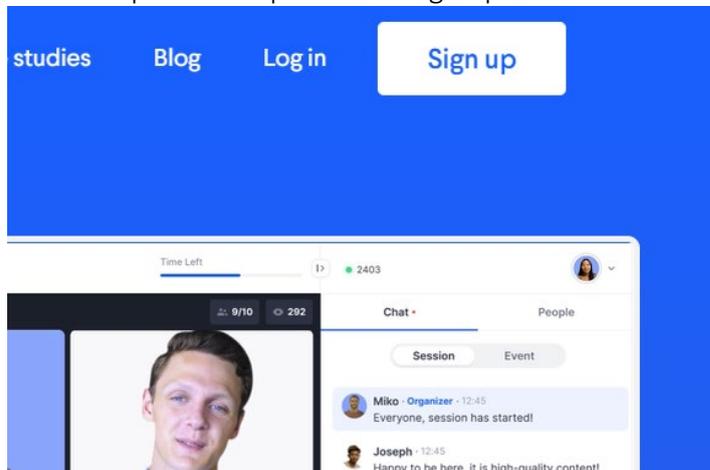

For our upcoming virtual event we will be using the platform HOPIN as it provides not only the possibility for streaming and presentations, but also for social networking and face-to-face discussions in the same way as you would interact with other customers and exhibitors during a fair.

To be able to access the platform everyone needs to be registered – which is free of charge. And the easiest way is to login using your LinkedIn or Facebook account. In the event, your virtual business card will show, and you can take direct contact with people during and after the event.

The registration is only required once and is then used at all our events or any other event you may find on HOPIN.

1. go Hopin and start the registration process

Got to hopin.to and press the “sign up” button in the top right corner

2. Create an account

Click on the LinkedIn, Facebook or Google button to directly login using existing account. If you don't have, or don't want to use an existing account, just fill in the required fields and press sign up and you're in!
